@india_marble

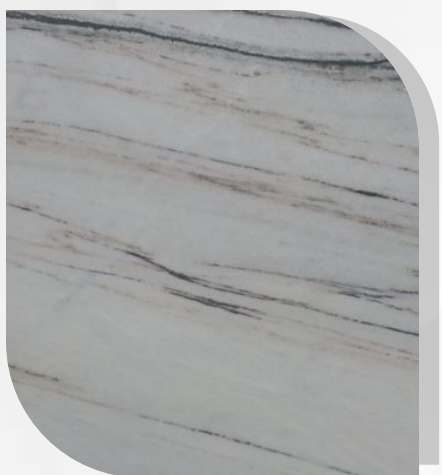

OUR VISION :- India has been the center of attraction for the world for its culture, prosperity and architecture. Our aim is to contribute in reinstating India's glory by being instrumental in engineering the future marvels of the architectural world

OUR MISSION :- To serve and meet customer's needs and expectations, by means of transforming the rock extracted in nature into Marbles & Granites that provide beauty and wellness.

With our diverse product ranges all manufactured according to the requirements of international quality standards, steer the path for our local marble industries through constantly innovative and creative business practices and extend and expand, at length of arms, our presence and production to new realms and territories of the world.
